

DAHLIA DINING ROUND TABLE (15100)

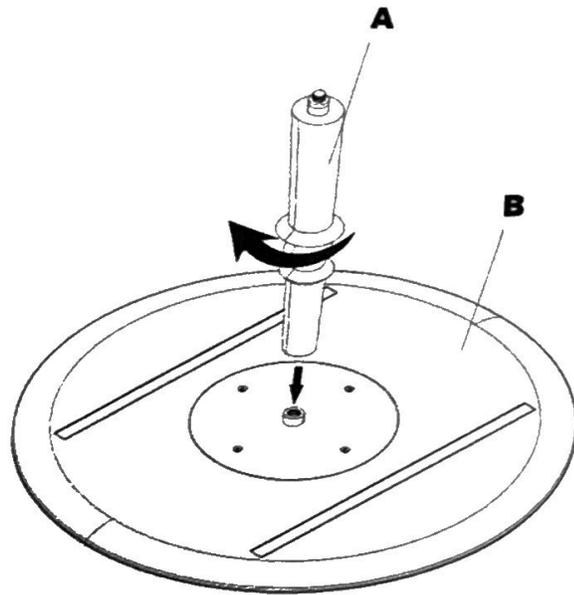

Assembly Instructions

15100

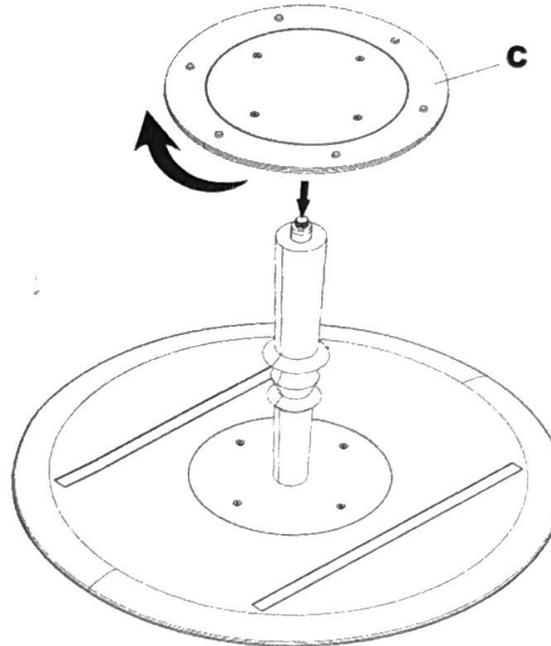

STEP 1

Place the pedestal leg (A) perpendicular into the threaded center of the underside of the tabletop (B). Turn the pedestal leg clockwise until it is securely tight.

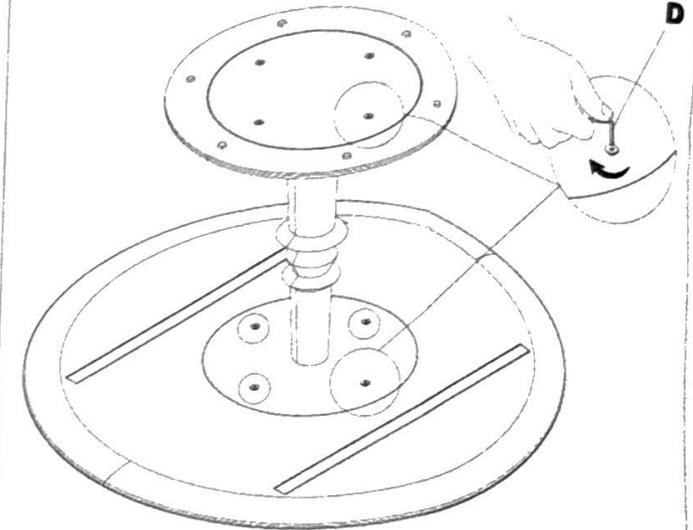

STEP 2

Place the base of the table (C) onto the bottom of the pedestal leg (A). The base needs to be perpendicular to the leg before turning it clockwise until it is securely fitted onto the leg.

IMPORTANT NOTE: Due to its size and weight, it is best to have at least 2 people in the assembly of the table.

STEP 3

When the 3 components of the table are properly assembled into place, use the Allen key (D) provided to tighten and lock them into place. Once completed, slowly turn the table over. It is best to have at least 2 people handling the turn over of the table into place.
